

DEPARTMENT OF PHYSICS

## PHD IN PHYSICS

The Physics Department at Sapienza University of Rome is the largest among this discipline in Italy for number of faculties and students and it hosts a vibrant research activity in the main areas of Fundamental and Applied Physics:

- Biophysics, Medical Physics, and Cultural Heritage
- Condensed Matter Physics and Physics of Biosystems
- Particle Physics and Fundamental Interactions
- Statistical and Mathematical Physics

## CALL FOR APPLICATION - 38° CYCLE

The PhD School in Physics at Sapienza University - 38° cycle offers overall **24 scholarships** for its three-year program.

The Scholarships will be awarded based on the candidates CV (including bachelor and master scores), presentation letter, two references letters (non mandatory), oral interview. The oral interview consists of a brief discussion on fundamental subjects of the Bachelor in Physics, on the master thesis and on the research interests of the candidate related to the doctorate in Physics.

*Details on the Call and the Scholarships are available at the link*

**Deadline for applications: 25 August 2022 at 14:00**

## INFO WEBINAR

Webinar of the call for application (*presentation in Italian*)

Tuesday 26 July at 16:00 via Google Meet
